MISSION

Faena Art is a 501(c)(3) nonprofit organization that houses and produces post-disciplinary and time-based experiences. A catalyst for innovative, site-specific, and immersive creative practices, Faena Art is a transformative bridge across the Americas, between the south and the north, the popular and the experimental. Faena Art fosters new models for performative social interaction that transcend the traditional boundaries of art, science, philosophy, and social practice. Ximena Caminos is the Artistic Director and Chair of Faena Art.

FAENA CIRCLE

In order to ensure a focus on international and transdisciplinary collaborations, we convened the Faena Circle, an international advisory committee of arts professionals with diverse backgrounds who advise on the programming, vision, and direction for this new cultural epicenter in the heart of the Faena District Miami Beach. The Faena Circle includes Carlos Basualdo (Keith L. & Katherine Sachs Senior Curator of Contemporary Art, Philadelphia Museum of Art), Caroline Bourgeois (Curator, Pinault Collection), Gonzalo Casals (VP of Programs and Community Engagement, Friends of the High Line), and Alan Faena (Founder and President, Faena).

We celebrate the artists, the rebels, the eccentrics.

We support the writers who stand by their word.

We support the philosophers who really love wisdom.

We support the builders, the growers, the inventors, the dreamers.

We celebrate new communities, new words, new dances to new tunes.

We celebrate the future, especially the part of it that is right now.

We celebrate now. Why wait?

We celebrate celebration.
